

Neighbours Day in Headington

Saturday 18 or Sunday 19 September 2021

Lockdown restrictions have been removed so community and faith groups in Headington are encouraging residents to meet neighbours in their street on 18 or 19 September. This could be by holding street parties, informal street meets in gardens, plant swaps, artistic displays, or anything which captures the imagination. We encourage all ideas which result in neighbours meeting, saying thank you for support in lockdown, and celebrating community life.

There are small sums of money available for organisers to cover costs and some 'kit' available such as road closed signs, bunting and games. Information on this, and helpful guidance about street parties and road closures, is on Headington Action's website <https://www.headingtonaction.org/street-parties.html>

Street parties and street events do not have to be restricted to 18/19 September – they are encouraged anytime. But a focus on one weekend makes a bigger impact.
